### About Murals Your Way (EGI)

Environmental Graphics (EGI) began as a poster company in 1969. By 1975, due to their unique innovations in printing techniques the company started making photo murals. Ted and Fran Yoch purchased the company in October of 1992. Ted realizing the company's great strength and reputation in printing, quickly set out to make improvements in marketing, customer service, order fulfillment, system enhancements and advanced printing techniques. By January 2001, the company was thriving. In 2002, recognizing consumer demand for personalization and custom products, EGI developed the Murals Your Way concept. Murals Your Way flourished through both online website sales and traditional call center sales. The first custom mural shipped in October 2003. For nearly 40 years Environmental Graphics has provided its customers with quality products and excellent service. We are committed to meeting the changing desires of our customers and the marketplace.
